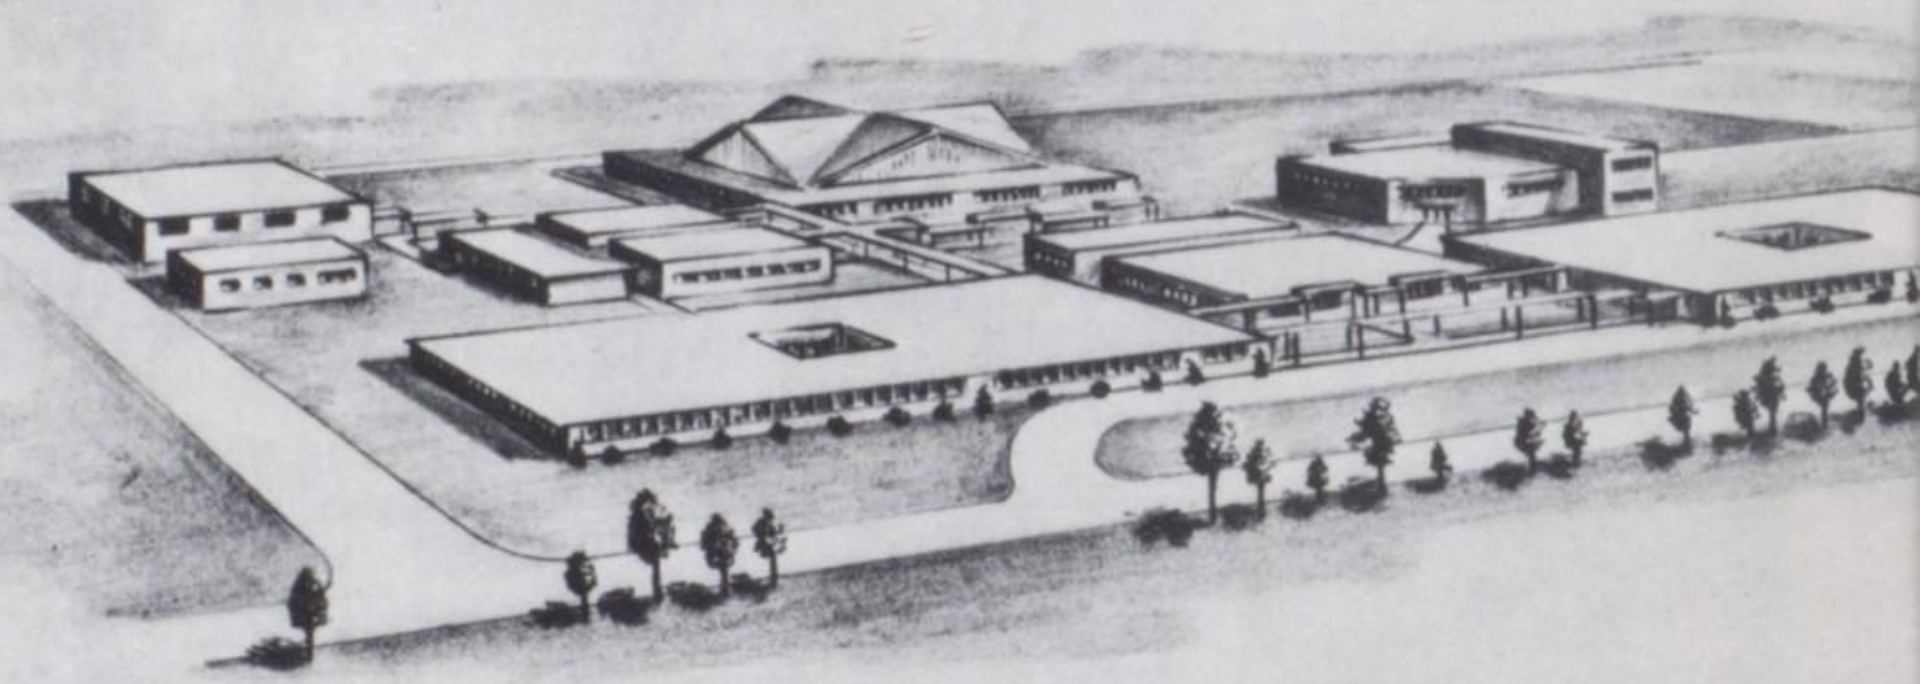
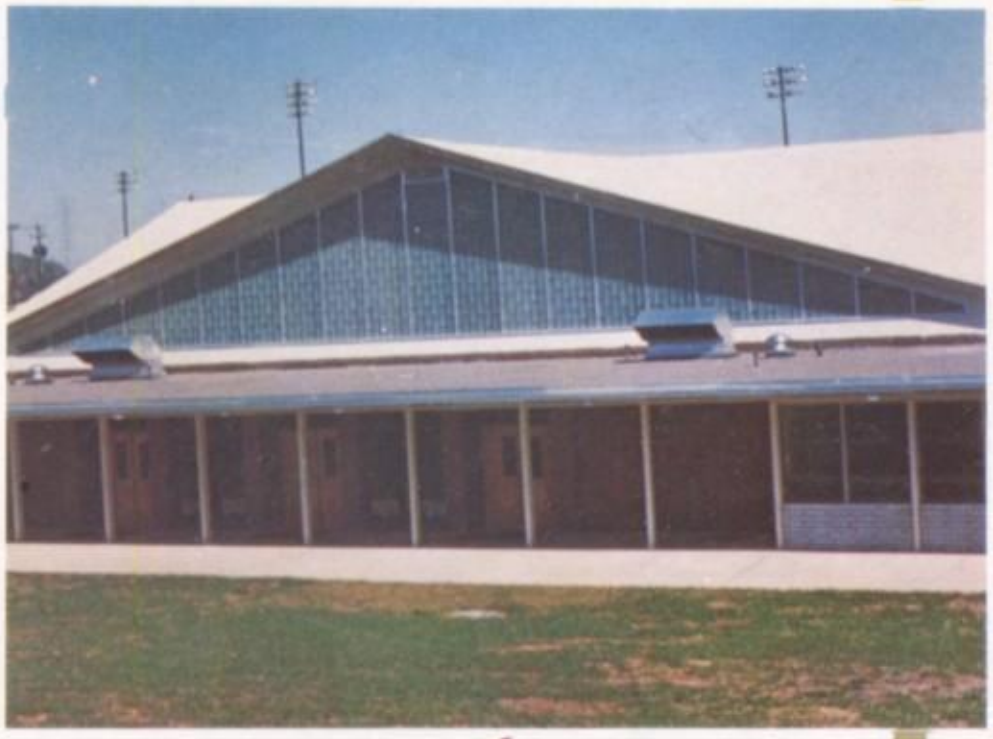
1965—

A year of challenge . . .



of beginning . .



of building

Liberty High School is a new consolidated school, modern in construction and unsurpassed in physical beauty. Equipped with up-to-date facilities, it creates an environment conducive to the pursuit of knowledge. We highly commend the contractors, architects, construction engineers, and workmen who have labored to achieve these ends.

We realize, moreover, that the building of a school requires more than mere mortar and brick. It necessitates years of dreaming and tedious planning. Because of the spirited efforts of our parents, the Bedford County School Board, and other concerned citizens, we have now completed the first chapter in a bright new era of advanced secondary education in Bedford County. We have entitled our yearbook THE HERITAGE in grateful acknowledgement of this rich bequest. Having realized that a rich inheritance serves no purpose unless nourished by the continuing progress of the inheritors, we the students humbly dedicated ourselves to building a reliable framework on which succeeding classes might build. With "Service Above Self" as our motto, we focused our sights on high goals of achievement.

The story of our school year is difficult to portray through the media of type and pictures, for it is a mixture of fact and sentiment interwoven by the happy confusion of youth into a strange, unique pattern. THE HERITAGE staff has tried, however, to present an actual rather than sensational account of the year as we lived it. It is our hope that these pages will make you smile in reminiscence, happy to have had the experience of 1965 at Liberty High School.

"And ascending shall

A wave of expectancy swept over the crowd as it made its way through the doors of Liberty's spacious auditorium. Smiles flashed between individuals, each mirroring the other's excitement and pride.

The date was October 4, 1964, and the occasion was the formal dedication of Liberty High School, the new consolidated high school built to serve the northern and central areas of Bedford County.

A TIME TO REJOICE ... The Honorable Mills Godwin and Mr. Lee watch Mr. Henley Walker, one of Liberty's architects, present the key of the school to Mr. John Hyatt.

A TIME TO REFLECT ... Mr. Roy Kyle, Mr. Lee, Mrs. J. R. Waldron, and Mrs. Virginia McManoway listen intently to Mr. Godwin during the dedicatory address.

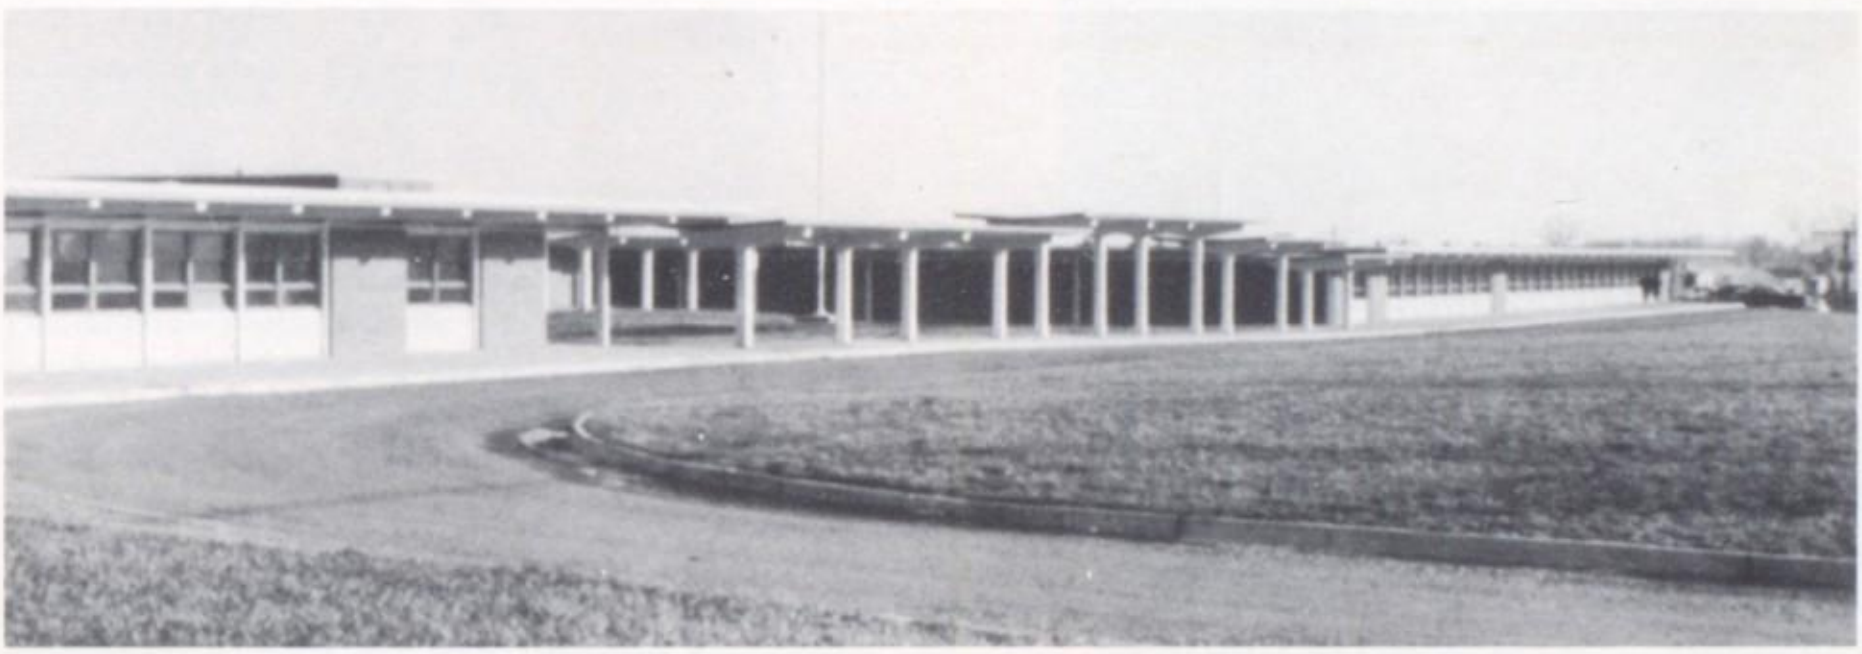
tomorrow find its place . . .”

Superintendent of Schools Roy E. Kyle, who has played a prominent role in the development of the consolidation program in this county, was Master of Ceremonies.

The Honorable Mills E. Godwin, Jr., Lieutenant Governor of Virginia, delivered the dedicatory address. Mr. Godwin recognized legislators who had made a worthy contribution to the advancement of secondary education in Virginia. He mentioned by name Senator William B. Hopkins and Delegate Lacy E. Putney who were in the audience, and Senator Hale Collins.

Mr. Godwin praised Bedford County citizens for their foresight and drive. He said that we should pause but for a moment to look back and rejoice in past achievements; then, assured and confident, we must turn to the future. He declared that “. . . the days of our past will never return; the future is ours if we will it so.”



LIBERTY HIGH SCHOOL . . . Big, modern, and beautiful, LHS stands on a forty-acre site, one and one-half miles north of Bedford, Virginia on Route 122. The campus-style school includes seven single-story buildings.

"Our todays and with which

Student life at Liberty is teeming with vitality. The security of the routine and the excitement of the unexpected combine to produce a healthy school atmosphere. Students realize that within the brief span of a day lie all the verities and realities of existence—

"Nothing useless is, or low;
Each thing in its place is best;"

The social structure of Liberty High is molded from a host of activities designed to appeal to parents and friends as well as to students. In this realm, students have the opportunity to pursue a diversity of extra curricular interests. A common bond of old and new friendships developed through participation in these activities creates unity and boosts school morale and school spirit. The administration of Liberty recognizes the fact that a worthy American citizen is a well-rounded personality and that good social development during high school years is of major importance. Plays, talent shows, dances, student concerts, club activities, and sports are effective tools for the growth and maintenance of a stable society.

YOUNG ARTIST IN THE MAKING? ... Nancy Burks is one among many students at Liberty who receive satisfaction and pleasure through the development of a natural talent.

THE BUILDERS

Henry Wadsworth Lengfellow

All are architects of Fate,
Working in these walls of Time;
Some with massive deeds and great,
Some with ornaments of rime.

Nothing useless is, or low;
Each thing in its place is best;
And what seems but idle show
Strengthens and supports the rest.

For the structure that we raise,
Time is with materials filled;
Our todays and yesterdays
Are the blocks with which we build.

Truly shape and fashion these;
Leave no yawning gaps between;
Think not, because no man sees,
Such things will remain unseen.

Else our lives are incomplete,
Standing in these walls of Time,
Broken stairways, where the feet
Stumble as they seek to climb.

Build today, then, strong and sure,
With a firm and ample base;
And ascending and secure
Shall tomorrow find its place.

Thus alone can we attain
To those turrets, where the eye
Sees the world as one vast plain,
And one boundless reach of sky.

We dedicate the first volume

of **The Heritage** *to you . . .*

. . . our parents, the Bedford County School Board, the faculty, and other interested citizens who, through your concern and effort, have given to us greater educational opportunities;

. . . the scholars, the athletes, the leaders who, through your talents and zeal, have led the march for unity and fame;

. . . the entire student body who, through your friendliness and cooperation, have formed one spirit, one school.

Twelve years ago, Mr. Roy E. Kyle came to Bedford County to assume the position of Superintendent of Bedford County Public Schools. The Class of 1965 was ushered into the first grade that fall. From that time to this, Mr. Kyle has endeavored to establish and to maintain high educational standards to meet the needs of today's students.

The list of educational advancements in Bedford County over the past twelve years is long and credible. Otter River, Counter Ridge, Body Camp, Thaxton, Bedford Primary, Staunton River, and LIBERTY HIGH SCHOOL have been built. Libraries have been enlarged and improved, curricula expanded, and innumerable modern teaching aids and facilities introduced.

We salute Mr. Roy E. Kyle... devoted educator and gentleman

The influence of Mr. Kyle's competent leadership has not been confined to Bedford County. His contributions to education are known throughout the state. Mr. Kyle served Carroll County as Superintendent of public schools for sixteen years before he came here. For three terms he was president of districts I, M, and F on the Board of Directors of the Virginia Education Association. He also served as president of the Virginia Association of School Administrators.

The Senior Class of 1965 acknowledges its respect and admiration for one who has offered a more secure future to hosts of Virginia students—Mr. Roy E. Kyle, retiring Superintendent of Bedford County Public Schools.

After three years of expectation the Juniors assumed the role of upperclassmen. Accepting the tasks accompanying the role, they worked to present an entertaining Barn Dance. The funds earned from this dance and the constant reliability of the members of the class proved to be the needed foundation for a most memorable prom. Proud of their accomplishments they await the final step in high school life.

Having spent their first days at Liberty in confusion and bewilderment, the eighth graders soon became adjusted to the reality of high school life so unlike their grade school years. Choosing new subjects, making new friends, and working diligently in new activities, they contributed wholeheartedly to the excited atmosphere of the Junior High Building. A sense of belonging was finally acquired by eighth graders who took part in the activities which had formerly found them on the sidelines.

Under the guidance of Mrs. Lula Sigmon, their sponsor, they worked hard throughout the winter to publish an annual that the faculty and students will enjoy for years to come.
